Since the Park is only so big, we would like to get a sense of community preferences about the use of the space. Are there facilities you would consider giving up or redesigning if it meant another use would be accommodated there? Share your thoughts by completing the sentence below. Fill in the text boxes with the corresponding numbers. I would prefer to have (1) _____, even if it meant (2) _____.

Is there anything else you would like to share about your thoughts on Cooper Gulch Park?

What is your gender?	Count	Comment
Male	1	Keep it safe. Seems like a place now that Makes a home for homeless and juveniles that cut school to hang out Not safe for families
	1	If possible clean homeless and drug people out of city patks
	1	Love the multi use aspect of the park, bathrooms need to be more easily accessible and a drinking fountain is a must as well.
	1	Maintain buffer from residential. Keep wild aspects while creating recreational space.
	1	Wheelchair accessible paths for the disable
	1	I think the disc golf course should be revamped and cleaned up. It should be more accessible and easier to navigate with signs. Also they should finish putting lifths in the skatepark and benches.
	1	Remove all the bums and junkies
Total	241	

What is your gender?	Count	Comment
	1	All I want is to make our skatepark bigger and better so more people want to visit Humboldt
	1	There are too many needles and trash in the ground. It is currently not a safe place to walk with my toddler. Especially the trails.
	1	I like that this is being discussed... improved trails and access is awesome, but please keep the skate park.
	1	# 13 restoration is such a catch all buzz word. restoration to which era. 1700, 1950. how about we use the phrase "spruce up" or cleanse.
	1	It could surely use more family space but not at the expense of the skate park. My family (me wife and two girls) uses the skate park weekly. Adding a cool picnic space to use while skating would be awesome.
	1	Feels less safe than Sequoia
	1	We need lights at the skatepark. And bicycle dirt pump track ran by a board
	1	I am personally disappointed with how much the focus has been put on the disc golf course and how dominating that sport is at the park. In the afternoons when many are playing on the course it is almost impossible for anybody else to have any other form of recreation in the riparian habitat at the park and the course has overall degraded the habitat quality there for beating birds. Overall the park is still excellent for migratory birds, though.
	1	Programs for teens to try to minimize the gang culture
	1	Part of the parks appeal is the fact that all the above mentioned things aren't there.
	1	I haven't been there in awhile since I live in Arcata now, but used to frequent the area. I would love to have a reason to go back
	1	i used to play disc golf there all the time until people were stealing discs in the bushes. i havent been there recently to know what its currently like.
	1	I really enjoy the park. I visit the skatepark once to twice a week since it's one of the better places in the county to skate. I think expanding the park and putting lights up would knock it into being the best skatepark in Northern California and would be a major draw for tourists. There are numerous examples of how this has helped other communities all over the world and I think it's an opportunity for our community. It's halfway there from being "on the map" for the skateboarding world. There is an organization that can help raise the funds locally and it would not require much more space.
	1	I used to see California Quail in the park; they are gone (too many cats, too much trampling of vegetation. A pond used to have rails; they are gone. Interpretive signs about past logging ops, other previous cultural activities.
	1	It's an awesome park and nice disc golf course, but there are far too many sketchy people camping which definitely takes a ton away from the experience there.
	1	The skate bowl sometimes needs to be swept clean
	1	benches by the skatepark would be nice
	1	Please give us a decent outdoor free basketball court. Most of the others in this town have roots sticking up from the ground bent or horribly worn down rims with no nets and no paint to outline free throws and three point lines.
	1	excited to think there will be changes on the way!!
Total	241	

What is your gender?	Count	Comment
	1	An indoor wintertime sports facility is critical for Humboldt county. If kids don't play basketball then there is little for them to do in the winter after school when it is cold, dark and raining.
	1	I love going there a lot, but the trash on the trails is a turn off.
	1	Too many mosquitos in the evening
	1	We need lights at the skate park
	1	I would go there more often if it weren't for the homeless and high level of drug use on the disc golf course.
	1	Paved trail to Del Norte would be a great connection. Need some separation between disc golf and walking trails as use increases.
	1	Dog Park!
	1	The main problem I see at this park is lack of restrooms. Adding some picnic tables, and a playground would be a great addition. The fact that there is already a trail and a creek make it a great place to walk with the kids already.
	1	Thanks for your efforts!!!
	1	Just that a BMX track would benifits many with not much cost.
	1	Keep the homeless out
	1	As we saw with Larson Park in Arcata, bringing in families and a diverse crowd of people changes the look and feel of a park.
	1	I enjoy Cooper Gulch Park and visit it often to run and to enjoy the outdoors. People with dogs that bark or lunge at me are most upsetting. Since the signs clearly say no dogs, I wonder why they are permitted?
	1	I would take my family there more often if I wasn't afraid of me or my children being poked by a discarded needle from a junkie or being harassed by said junkie.
	1	The skateboard park is a great asset that brings people like me from all over the world to enjoy Eureka and the surrounding areas.
	1	Thank you so much for your hard work!
	1	Drainage. Needs more drainage for the rainy season.
	1	I live a stones throw away and rarely go there because of how it's a scumbag hotbed. I opt to drive to other disc golf courses in manila or arcata so I don't have to find tweakers that aren't even playing disc golf on pins 3, 4, 7 etc. They use the park to hide from the cops and rest of the community all day. It sucks having a would-be park right by my place that no one wants to go to. Perhaps it's our own fault though for allowing it to be taken over.
	1	The park does not feel safe.
	1	Cooper Gulch has a lot of potential and would greatly add to the overall appeal of the city of eureka were it's facilities optimized.
	1	I'm happy to see that there's efforts being put towards this. thank you
Total	241	

What is your gender?	Count	Comment
	1	I love the skatepark, but would like better signage for the disc golf course. A fitness course would be great. Please do not turn this park into a youth sports complex, catering only to the organized competitive sports. This ruins the attractiveness and access to people who enjoy to walk, skate, and disc golf.
	1	Downstream-most bridge: both ends are steep and dangerous, especially when wet & likely non- ADA compliant. There's a complete lack of enforcement of safety gear at skate park. This is an expensive tort claim waiting to happen.
	1	All the tweakers and homeless people from devils playground are flooding into the gulch stop it before it becomes another "bad part of eureka"
	1	It needs more enforcement of law to create a safe place. Public perception of most parents is that it is either dangerous, or simply unappealing due to transients and drug and alcohol abuse in the park.
	1	BMX jumps/area could be built by local bicyclists.
	1	Get rid of the problem of people with poor attitudes
	1	Coopers Gulch would be a great place for family activities of there wasn't an ever increasing presence of dangerous and shady people who call this park home. This park has always held a place in my heart as I have played softball and disc golf here for many years. It has become a place I don't feel safe bringing my family to. I have met people from out of the area, even recently, who share the same feeling. It's pretty bad when a grown man like myself doesn't feel safe in a public park
	1	I think that a BMX Pumptrack/dirt jump area would be an amazing addition to the park. The skatepark provides an excellent area for skaters but many BMX riders prefer dirt. It wouldnt require much space and would provide many local youth with a positive outlet.
	1	First priority should be to increase security and clean the park out of vagrants, thieves, campers, drug addicts, alcoholics, and other criminals. Thin out the brush so there are less places for them to hide, and more frequent security patrols may be accomplished. Spray to eliminate mosquitos.
	1	Bigger skatepark
	1	Allow quiet trail use and limit the gathering of large numbers of people who could be better accommodated at a non natural city park of some kind. The natural areas of this park are somewhat unique and should be kept natural.
	1	incorporate free standing grills to some of the picnic tables. It will encourage more use and be a relatively cheap investment.
	1	The creek is very unique for a park. It should be the center of the 're-visioning. ie clean & improve
	1	Cooper gulch it's kinda sketchy sometimes and lights at the skatepark would be great because it's near impossible for me to skate in the winter after work. Thanks :)
	1	Publicize events that take place there better. Open up the natural area to the west by removing underbrush. We in Humboldt try and preserve natural habitat just a bit too much. Anywhere else parks like Cooper would be more manicured and open providing more access and a sense of security. At the dog park in Hiller Park this was recently done and it is great.
	1	Would be nice if in morning hrs the park were patrolled to keep the drug addicted transient traffic down
	1	Things for teenagers and kids to do
Total	241	

What is your gender?	Count	Comment
	1	I feel like this park should have the updated sports fields like they have in Medford and redding and lit paved trails
	1	It's a very fun park with a lot of possibilities. The mosquitos are overwhelming at sunrise and sunset. It is very discouraging to be completely honest. I've had fun at the park walking the paths, playing disc golf, and hunting for Pokémon. The park rarely disappoints.
	1	Bicycles areas are great to get all ages outdoors and moving.
	1	The area needs to be cleaned out of homeless camps before it gets redeveloped.
	1	One thing I hear over and over from parents is that they don't feel safe bringing their kids to the skatepark. I've witnessed everything from fights, a girl overdosing on drugs, and dirtbikes being ridden in the park. It can be a rough scene. I've always felt that because of the intensity of use, and the fact that skating is inherently dangerous, skateparks should have a monitor on site. You'd never see a public pool without a lifeguard. Skateparks should really have that same level of supervision.
	1	No
	1	I think a work-out area is a great idea. I think it should be accessible to all including elderly and handicapped. I am not sure how well the music and theater events would go but sounds like a great idea. I am also not sure if a re-do of the park is necessary. Is this an overwhelming community idea?
	1	no thank you
	1	More skatepark add ons
	1	Being in a gulch, the park should have good lighting for the early evenings or mornings that people may use the park out of summer months.
	1	A skating trail would be great, but just better signed trails in general would be too. And an entrance from 14th st, from the cemetery, or both, would make the park much nicer for our family!
	1	Will the head of the Cooper Gulch Common Grounds group be hiring any more family members as time goes on?
	1	I really enjoy the park. I wish it was better for all people. I don't think we need anymore baseball or soccer fields. We have so many in the city and eureka area. Concentration on thing people could and would use year around would be the best
	1	Yes, more law enforcement presence, citizens patrol too. Too many gang wannabe's hanging out intimidating users of the park. Move them along by assertive measures, otherwise it goes nowhere
	1	The park would be more attractive if there were changes made to the creek to make it look somewhat fresh.
	1	development has ruined a unique educational experience for our area youth. there are many, many other places "sports" activities and group gatherings can take place.
	1	Make it safe for kids and family
	1	This place is a gem of Eureka
	1	Too many people drinking and smoking in the park, especially in the hidden away disc golf areas. More police presence to drive to get these types to move on. It would drive down the amount of trash and litter, as well as make it a more family friendly location.
Total	241	

What is your gender?	Count	Comment
	1	I love it there, but my wife doesn't feel particularly safe on the trails. Safety is a huge thing because it builds on itself - the safer it feels the more people will use it, the safer it will feel..
	1	Lights for the skatepark would be totally awesome, during the Winter time kids dont really get a chance to skate there that long after school is out.
	1	I think that the park is great the way it is. However, it's appeal would greatly increase if the trash and grounds were better kept. Homeless left overs littered the trails last I was there and it ruined my experience with my children resulting in us playing disk golf elsewhere.
	1	You do a piss poor job of maintaining what you have. Why invest money in new facilities that you won't maintain? Better to invest in upgrade and maintenance of existing facilities.
	1	Because it is a little remote there seems to be a larger amount of drug and prostitution activities taking place.
	1	Get rid of the homeless in the area.
	1	We need to clean the place up. I'm sick and tired of dealing with the homeless on the 14th st side. They cause problems and trash the place. Thank you
	1	Make it more safe for little kids, no drug use inforcement.
	1	It smells like piss and cheap beer.
	1	Get homeless out no camping highly enforced
	1	trim up the vegetation, restore the water course and rehab the center
Female	1	Needs more than one bike way in!
	1	It would be nice to have some security there in the afternoons on weekends. Some of the teenagers at the skatepark are mean to little kids
	1	I very much enjoy softball in the summer months.
	1	It's got a bad reputation for not being safe. I would barely like to go there during the day. Fix it up and get better kinds of people there on a more regular basis.
	1	I s could like to feel safe when visiting.
	1	I would like to see it be very Elder friendly, Smooth trails, handrails, benches, some Elder space away from active sports for safety. This is a great idea
	1	Lot of drug usage and shady people hanging around
	1	I would love to see the park revitalized and a safe zone created for families and residents of all ages to access and enjoy.
	1	We really need to have water fountains and cleaner, well lit bathrooms
	1	My first visit was last week and I was very concerned about the obvious presence of gangs (graffiti, etc.) and the large amount of trash on the trails. I was also saddened to see how the cemetery is so overgrown and neglected - although I realize it takes money, water, and manpower to maintain, and there are probably budget issues.
Total	241	

What is your gender?	Count	Comment
	1	Love that there's frisbee golf, but needs better signage. Better security, or maybe fewer homeless camps. Would love a roller skating trail; that'd be nice. No matter what there is, I would like to feel safe when I am there. Thank you.
	1	Security security security! I know it's expensive but people are not going to out and use a park that you're spending money to revamp, if they don't feel safe at. The homeless are destroying that park. The needled and tweakers.
	1	We used to love playing disc golf there but quit going for the safety of our kids and our dogs. There was always trash and even saw needs on the ground. A homeless camp on one of the last holes where they yelled at us for on of the kids throwing a disc to close to there setup. (it was right off the fairway) if the park is cleaned up we would love to come back. Also the high school kids that sit between some of the hols and drink and are loud and obnoxious is very distracting when you are trying to play a sport like that. Always playing loud music and trying to bum anything they can from us.
	1	SAFETY is PARAMOUNT! People have to feel safe or they won't use the park.
	1	beautiful park within Eureka, although years ago i was concerned about safety there. trash about also. i have not been there in years. HAS it cleaned up and become safer???
	1	It definitely needs to be cleaned up and the woods need to not be a place for homeless dangerous people. The drug community seems to gather there and that needs to stop if it becomes a community gathering place. Just my opinion
	1	It's a great park aside from all the crime, drugs and homeless that trash it and make the trails unsafe.
	1	The gulch is wonderful resource that I use daily. I do not think we need more development aside from forest restoration.
	1	if you have more trash receptacles along paths, people like me will pick up the trash left by others (no needles or klenex, only food trash and perhaps dog debris.
	1	I have three kids, you could build a mini Disneyland there but if it's not safe, clean, and (not to be insensitive) free of suspicious people I'll never go. My and my children's safety are number one priority! I would love new playground equipment!
	1	the homeless gone, from the park.
	1	continuing to improve the cooper gulch area will help to encourage families to use the park. handicap trail areas would be a huge improvement as well. The hikshari trail gets so much use because it's paved and people bike/scooter/wheelchair there with ease.
	1	The mosquitoes there are awful but I don't know how that would be fixed.
	1	The disc golfers are always smoking & throwing trash. :(
	1	My family is afraid to use a park commonly known for crime, homeless and gang activity, drug use, dirty needles and excrement
	1	All of these ideas sound great to improve the appeal of copper gulch, but something needs to be done with the low life's that lurk around the park. My husband and I live very close and used to play the disc golf course with our dog from time to time. We would rather drive to other course to play because of how dirty and unsafe it is. I hope improvements can be made, good luck.
Total	241	

What is your gender?	Count	Comment
	1	Last time i was there was a few years ago and we were taking trash out. some of the trash was hazardous(needles, bags of poop, bottles of pee) a clean and healthy park is very important. Its also important to feel safe there., generally when i hear people talk about the park its their concern for safety from people in particular.
	1	Safety and cleanliness are my number one priority. Honestly, the lack of these are what prevent me from using this space more often. Thank you for generating this survey.
	1	We utilize cooper gulch as a family quite regularly. But with most spaces in humboldt that we love, I don't always feel safe there. Would love to know how eureka would address the issue of campers in the wooded areas. I typically only take my son if my husband will go with us, which is so unfortunate!
	1	Mosquito controls
	1	I hate going golf there when it's dirty like it is most of the time.... Trying to keep it clean.... Hire people maybe even the homeless keep the park clean as much as possible
	1	It needs good signage and promotion. Musical events and cultural festivities would draw people in to introduce them to the park. Eureka has rich cultural diversity...great opportunity for year-round fests ...Hmong, Native American, Hispanic, Portuguese, etc.
	1	I hear there is a big homeless encampment there. How will this be addressed?
	1	Again, I think of this more for my grandkids than for myself, but I think the park needs to be and feel safe and clean.
	1	REMOVE all the homeless, debris and graffiti!!!!!! Create trails and paths so the full 33 acres can be enjoyed and explored!!!!!!
	1	Having a regular or dedicated security patrol would provide a safer environment
	1	Saw way to much trash and broken glass while hiking there today (8/31/16) with the Wednesday Walkers. Also many homeless camps that would not have me visiting there alone and feeling safe.
	1	The park has a bad rap! Due to the fact that it is littered with people who are drinking there and not cleaning up after themselves and creating an uninviting place for families.
	1	Thanks for giving this survey! It's a fabulous park, just needs to be safer (no more guns pulled on frisbee golfers PLEASE PLEASE PLEASE).
	1	It's vitally important to retain areas where migratory birds can safely stop over. Whatever you do with the rest of the park, please keep the riparian habitat in a natural state for the birds.
	1	The only bad thing about Cooper's Gulch is the abundance of tweakers who leave behind garbage, and drug related paraphernalia, and harass the people who come to the park to relax.
	1	Love this park. Spend a few days a week after work playing softball with friends and disc golf. My only complaint about this park are the amount of homeless in the area. I personally don't feel safe and won't play a game of disc golf by myself.
	1	It's likely difficult to monitor - but increasing safety is huge. The park has a reputation for drug users, homeless and other activity.
	1	I really like the park but rarely go to it due to the homeless and drug users I have seen there.
Total	241	

What is your gender?	Count	Comment
	1	I have lived in town since 1993 and never been into this park-I always associate it with homeless camping and crime-I have always wanted to explore it and enjoy it but am often alone when going to the local parks and am a senior citizen so I don't feel safe going into Cooper Gulch and neither do my friends.
	1	14th street access with parking is crucial as well as well designed trails, picnic areas and restrooms.
	1	If garden areas did occur, I would love it to have community involvement in their upkeep. I'd being interested in helping
	1	Get the drugs and creeps out of there. I use to play softball there and have seen quite the crowd playing' disc golf'. Later that night there was a stabbing. I don't feel the bathrooms are safe. I will not bring my kids down there.
	1	Security
	1	There needs to be a feeling of safety and openness
	1	Biggest issue is public safety due to the increased number of homeless camps. The park should have bathrooms that are easy to maintain. Aquatic and terrestrial restoration of the homeless encampments needed. Aquatic restoration damage from human refuse needs addressing. Thank you for your visions and hard work to make Cooper Gulch a beautiful user friendly place to be!
	1	Security is super important. Maybe if there was a security guard that walked around and monitored the park that would motivate people to go there.
	1	Earlier this year I was birding and looking for a special small bird in the trees near the skateboard park. The Disc golfers (thugs) were very rude, aggressive and possessive of this area. It did not seem like a multi-use area to me. The other birders I met there were from out of the area. When an unusual bird draws Oregon, Bay Area and Redding folks to our area....what does it say about our local hospitality? It was very intimidating . Are they really entitled to run people off by claiming ALL use rights?
	1	I loved Cooper gulch. My family played disc golf every weekend rain or shine. But over time it got more shady. I don't mind people smoking pot and drinking a couple beers but I don't want to see people shooting up or smoking meth. I don't want to see people sleeping in the bushes. That stuff sketched me out enough to where we stopped going there all together.
	1	Great job on the skate park. Love that the kids in this town have really "hot " skate park to be proud of and a place to be outdoors.
	1	I don't hang around with my small children after school as there is constant alcohol and other drug use by the frisbee golf and skate areas so it doesn't feel family friendly outside of the school.
	1	I like it.
	1	Was considering taking the Purple bus route to West/13th, but from your questions, it appears there is no access at 14th. Otherwise the bus stops on the far side of Myrtle and crossing it looks hazardous. Your questions did not even include the bus. We are interested in quiet, safe trails with natural features. In general Eureka needs to provide more information about its parks.
	1	I think the park and trails are a great asset, but concerns about homeless, trash, drugs limits families using the area....
	1	It's a very beautiful space with a lot of potential.
Total	241	

What is your gender?	Count	Comment
	1	My main concern is safety. I don't see as many people as there are at Sequoia Park, and have felt isolated and unsafe the times I've visited.
	1	The park will need to seem safer before more people will use it.
	1	Its a great under-utilized park. New bathrooms, movies, improved trails, and maybe a week end staff person to discourage homeless camps and prostitution.
	1	Lots of mosquitoes in the field which determine what time of day I go. Even though I take the dogs as early as 6:30 am, I am watchful for homeless coming out of the trees. The 11 Street entrance is not appealing and the path could be better as far as ease and safety. Gets tricky with 2 dogs pulling at the leash. Also need signs for disc golf as far as about the game and how they play in a direction so as to keep with the flow of the players.
	1	It has a bad reputation so people do not go for family oriented activities. I believe this can be overcome.
	1	I live close to the park. I can hear the baseball games some evenings. It makes me happy that people are there enjoying themselves. I would like to visit more often. Honestly though I am scared of going there alone since there are a lot of people in the parking lot and in the bushes / trees who are on drugs / smoking...just scary in general. I do not like being fearful of going to a park alone....but I hear so many story's about tweakers and convicts I have become very tired of having to interact with these people and feeling unsafe.
	1	It's a great area. Better bathrooms would be great as well as more seating and a an all ages playground!!
	1	Love this place! Hope it stays nice.
	1	No one goes there because it is unsafe.
	1	I do not use this park anymore due to the homeless camps along the fringe areas. I have witnessed drug deals and prostitution in the parking area which is not acceptable. Due to the isolated area the park is located in, makes it a prime area for illegal activities.
	1	In its current state, I would not go there along. It is not a safe environment for single women.
	1	Question #15 is poorly conceived. Responses should be considered data-impaired.
	1	The birds and plants are lovely. The recreational opportunities for the community are great.
	1	It has improved
	1	Playground!
	1	I feel there would need to be a deep clean sweep to get rid of all the drug needles and crap hidden along the trails
	1	I like to play discgolf with the hubby and dogs, most of all, at Cooper's. There are parts of the course where folks smoke cigarettes or weed. Sometimes folks drinks a beer or something stronger. They are adults and can do that. I have never had a problem with anyone in the park. Although I have seen a few individuals who seemed to have consumed too much of whatever they on. I cannot tolerate cigarette smoke, so I do not hang out around smokers. I enjoy the diversity of our city parks and am glad everyone gets to 'do their thing'. I am a little bothered, however, by the placement of Tee 1 right at the school. This summer at Cooper's the summer camps going on was packed with little kids. Hanging out at Tee 1, two groups of smokers (one at the practice tee). I started my game at Tee 2 and ended my game at Tee 1, after the smoked cleared, so to speak. But the children in care, don't have that option. I think it would be a huge improvement to move this tee away from the school.
	1	I'd like to see a map or overhead view of the park

What is your gender?	Count	Comment
	1	the reason I don't like Cooper Gulch because of the mosquitos. If they were gone or controlled, I would be more likely to go there.
	1	I FEEL LIKE I AM IN THE WAY OF THE DISC GOLF COURSE WHEN WALKING. I NEED A MAP SO I CAN SEE WHERE TO GO
	1	needles everywhere. yucky
	1	There are a lot of druggies that hang out there. I've been a few times, but have felt unsafe and haven't been back in over 2 years. I live in myrtle town, so it is a convenient park for me to visit. I drive to Sequoia Park because it's much prettier and safe. I haven't seen homeless or meth heads in abundance there. I think Coopers Gulch has the potential to be a great park. This quiz gives me hope that maybe it will be turned around. Thank you.
	1	To many homeless people hanging around
	1	There really is a security issue there. It's not a safe place to hang out. So until that is addressed I think any upgrading you did would be ruined by people who only care about themselves. It would be trashed... Bathrooms etc.
	1	exercise/ walking trail with health related information signs along with signs about wildlife, nature etc
	1	This could develop into a multi-use park for eureka and surrounding towns. It is currently considered unsafe by some. Walking there is unpleasant when observing trash and campsites.
	1	Safety and lighting is a top concern as a woman walking or sitting alone.
	1	I don't think access from 14th Street is a good idea. The beauty of CG Park is its buffer from major streets and its isolated areas. You'd have to destroy a major part of its "wild" areas to do this.
	1	N/A
	1	So many spaces include a basic trail, interpretive signs and benches and maybe a basic play structure. While I appreciate the need for these parks, it would be great to do something different. Tribal art or amphitheater, a native plan garden, water catchment for the bathrooms. Mural... Maybe some facilities that are locked to prevent vandalism and then can be rented or opened for community events. Education about wetland and stream health as part of the garbage/ recycling systems.... Thanks for asking.
	1	I am very excited about this space being more accessible and having more resources! Thank you!
	1	There needs to be a continual removal of homeless camps, and clearing of areas where they can be hidden
	1	Make sure the trails are safe and not finding homeless people camped there.
	1	My family loves this space. We tried to play disc golf here buy had a very difficult time finding the next hole.
	1	We as a family of 5 visit the skatepark nearly everyday. We would love increase in lighting over the skatepark. Mosquitos are a huge problem in the eve so if you could do something about that it would be awesome.
	1	If it doesn't break the bank, I'd like to see a drainage system installed in the area of the south softball field so that space is usable and it won't be a mosquito breeding ground.

What is your gender?	Count	Comment
	1	It's a beautiful area with a lot to offer, but I would not feel safe taking my kids to play or walking the trails without my husband present. There are always people drinking, and doing drugs. Also the type of people who hang out there mainly in the disc golf area are pretty shady. Maybe get rid of the disk golf course and the park would be safer for familys and children. Or if there were someone there to regulate what goes on inside the trails/keep out the shady people.
	1	I think it could benefit by better marketing of the things that are already working well! People simply don't know about it and that is a shame
	1	I rarely use Cooper Gulch now because both I and my friends have had Unpleasant eexperiences with irresponsible people and off leash dogs, including an incident which necessitated a visit to the vet, the work location of the attacking dogs owner was known and yet nothing was done. The dog in question continued to be off leash in the park.
	1	Let's do it,
	1	My top desire is for a safe and well maintained park. We live in myrtletown and would love to see the gulch become family friendly.
	1	My family does not use Cooper Gulch mainly do to homeless and drug issues there. We feel it is unsafe for families.
	1	How can people traffic through Myrtle Grove to and from Cooper Gulch be handled? Currently fences are climbed over, etc for quicker access to the Gulch.
	1	A volleyball net and zip line would be so fun for the kids in the area. So would a playground!
	1	Ball fields need a lot of work
	1	It needs to feel safer. I don't go there often because of the people that we encounter there. I don't think it's safe for women and children to go alone.
	1	I really love this park, even though the mosquitos are overwhelming near sundown. It would be nice to see play equipment for smaller children, although I am not sure if the atmosphere is too accommodating to them (with the amount of adults drinking and smoking).
	1	We tried walking on Cooper Gulch Park trails, but there were too many people in the forest and we didn't feel safe.
	1	Get rid of the transients and drug user/dealers and the removal of their garbage.
	1	Thank-you for asking😊
	1	Very excited to see progress. :)
	1	increased visitorship would impact the homeless camps, but I don't want to go there if I don't feel its safe
	1	Hooray for the City's efforts in cleaning this space up creatively!
	1	This park has so much potential! Whatever is decided for this area I hope it makes for an alternative to Sequoia Park. We need another recreational area in this community as the other park gets full and busy quickly on beautiful Humboldt days.
Total	241	

What is your gender?	Count	Comment
	1	Our community could really benefit from as many activity options as possible to people who want to pursue life clean and sober. Who knows, maybe we can transform from a community well known for its drug and crime problems, to a community well known as a great place to be if one is serious about recovery.
	1	its a nice place to go but i dont feel safe on the trails alone.
	1	I love the idea of summer concerts and theatre in the park. I love the idea of running and cycling trails. Restoration of the creek and maybe even interpretive tours for field trips and even the public. multi use and more open space skirting up trees, eliminating brush to make it harder for people to live there and maybe look at ways to keep alcohol and drug use with our youth from happening out there. Multi use park YAY Thank you so much for putting this together!!!
	1	Needs Moore benches, "T" pads for disc, more recycling and garbage cans.
	1	we only go there if we have too.. we feel coopers gulch is not safe to just hang out with our kids there. to much drugs use and unfairness people frequent this area. if it was more safe and welcoming we would love to enjoy this space!
	1	I appreciate the time someone took in creating the survey!
	1	Eureka does not have a public soccer field but nearly 800 children play soccer in Eureka every year. It is a hugely popular sport and the City needs to provide a place for people to play.
	1	I own property in the park. Would hate to see it fall into chaos due to too much traffic and people.
	1	When I think of cooper gulch my first thought is fear of being accosted by druggies and homeless.
	1	please include plans for security/safety, for example proper lighting throughout
	1	Great park . Better signage on myrtle . Often pass it going west
	1	Needs to feel safe for women, young children, have many benches
	1	Try to keep it safe. No "camping"
	1	I love coopers gulch and I would love it to be used more. The fields are great but could be better maintained and opened up for more use by area youth (soccer, baseball). The park is neglected and more people would use it if it was upgraded with new fun equipment. The trails are great but if more of them were paved bicycles could use them as well.
	1	it would be nice to have music , theater , and family game days. maybe a pool pad
	1	even though the trails and park space is beautiful, I do not feel safe accessing them with the characters that often hang out there.
	1	stumbled into cooper gulch during an urban hike and was completely energized by the unexpected interesting trail system,natural beauty, & solitude in the middle of Eureka. Awesome environment!
	1	It's a great park, but underutilized. The skatepark is a great addition, but what about a bike park ? The trails need to be marked and developed better for safety.
	1	I never go there because of homeless and it's not safe anymore.
Total	241	

What is your gender?	Count	Comment
	1	Frisbee golfers throw discs haphazardly on the same trail as pedestrians & cyclists. Also I'm super bummed that it just seems like another green space for people to take their dogs to crap. I personally would like it if dogs were only allowed in a designated area. Such as the dog park section.
	1	Great park! Thanks for hearing my input
	1	Having access from 14th street with well lit trail into park would be great.
	1	The only thing that holds us back from going there now is the people that frequent it. It's scary in there unless you plan on buying drugs or getting robbed.
	1	I love the natural beauty of the gulch as well as playing on the baseball fields and playground. I would hate to lose the separation that you feel from the developed portion of the park when you start walking down the trails. Both serve an essential recreational need in our community and I feel it's important to keep a balance between the two.
	1	It is a gem of a place.I am not into sports but I think it is important to have softball,etc there.I love it because it is not crowded.It is a small park.Not sure how we can combine all the fantastic ideas listed
	1	It would be a great addition to the city. We really need more safe park spaces.
	1	I live nearby and would love to use the trails more to walk my dogs but have run into some scary folks in the trails. I think security should also be a priority.
	1	No
	1	What I love about other communities is a square for families to gather for music, food, beverage and friend. Not connected to a large event. But a regular basis time
Decline to state	1	As a resident, I would like it if people remember that this is a neighborhood and not just a park. Please respect the people who call this place home. Please enforce the rules at the skate park. People use the skate park after dark when they are not supposed to. Helmets are a rare sight. Bikes are used when they are not supposed to be. And no one ever enforces anything! Noise and profanity are constant issues. It's not nice to hear people screaming f-bombs all the time. We didn't have a choice about the skate park going in but we have to live with the consequences of others behavior every day and it seems like no one can or will do anything about it. Also, traffic is an issue. People speed around the corner and often fully in the on coming lane. It is scary. Please slow down and be respectful.
	1	It was much better for birds and birding (in fact, it was the best place for land-birds in Eureka) before the disc golf was put in.
	1	Continue to resist to temptation to use it for development and projects especially using with surveys like this. It is special and limited and cannot accommodate every bodies pet Great Idea..trying to do so kills it for many other users.
	1	Any structures should not be in the way of disc golf throws/mis-throws (for example, bench on hole #4 is not in a safe area as discs can hit people sitting there). I'd like to see 3-tier bleachers and/or concrete picnic tables (like ones north of Adorni ctr) near skate park.

How often did you visit Cooper Gulch Park in the past year?

Total

How do you typically get to the Park?

Total

Was there a particular reason you didn't visit Cooper Gulch Park in the past year?

Total

What would make the Park feel safe and more inviting?

Total

Do you live within a 10 minute walk of Cooper Gulch Park?

Total

What activities do you currently participate in at the Park? Check all that apply

Total

What activities would you and your family participate in at the Park if they were available? Select up to 10 of your favorite activities.

Total

What events would you participate in at the Park if they available? Check all apply.

Total

It is important that park facilities are designed to be attractive.

Total

It is important that the Park reflect our community identity.

Total

It is important that the creative inspiration and redevelopment work on the Park be sourced from Humboldt County.

Total

The park should easily transform to accommodate a variety of public uses.

Total

Parking and trailhead access to the Park from 14th Street would be great!

Total

What facilities would make the Park generally more appealing?

Total

In creating a unique identity for the Park, the following things are important to consider.

Total

Any master plan for Cooper Gulch should include...

Total
